Food and culture compose a richly textured tapestry, especially in Southeast Asia, China, and Japan—some of the oldest inhabited regions in the world.

Over time, many culinary influences have crossed borders. At the Tamarind we celebrate the adventurous fusion of ingredients that vibrantly define the cuisine of each of these regions and present them to you in an array of intricately flavored, visually stunning dishes for your enjoyment.

Under the direction of renowned Master Chef Rudi Sodamin, our specially trained Asian chefs will prepare your meal with an unrivalled level of perfection and commitment to quality.
